

Homegroup questions

1. Go through the five episodes in this passage, summarise each one- what does Matthew show us?
2. How do these five episodes work together- what's the structure, do they emphasise anything in the way they're arranged?
3. Look up the Old Testament passages Matthew refers to- how do these inform the way that we read each of these stories? Zechariah 13, Psalm 110, Daniel 7
4. Read through the passage again, paying particular attention to what we see of Jesus' attitude... thinking of Philippians 2:1-5, what would it look like for you to be an imitator of Christ in the coming week? Where do you find this most challenging?
5. Spend some time thinking about the choice that Christ has made in verses 52-56, and what he achieved by it. With your homegroup spend some time in prayer and worship.
